People-Centric Approach

We employ a people-centric approach to understand our client's needs and create seamless customer experience.

MD's Thoughts

J P N Singh

Managing Director,
Scorpion Group

The combination of Branding, Scaling, Technology and Networking is what leads to the growth of an organisation and as Scorpionites all our employees focus on mastering this. At Scorpion Group we believe that our organisation will grow, only if we empower our employees and give them space to develop into effective leaders.

On the other hand, our investment in Information Technology has allowed us to develop systems and processes that enable our clients to have cost-effective products and services at state-of-the-art quality. We are in constant engagement with project partners, stakeholders, beneficiaries and local communities, studying the potential impact of alternative and new technologies and indigenous knowledge.

We would continue with the same zeal to facilitate the stakeholders in accelerating their social, economic and environmental progress through effective management of humans and natural capital.

Our Journey

Founded in the year 2001 by Mr J P N Singh, Scorpion Group of Companies was created to lead. Scorpion Containers Pvt. Ltd., was established to overcome the hurdle of packaging in pharmaceuticals in the year 2005 by setting up manufacturing units based in R & D and customized packaging solutions. These are our roots but our story continues to grow.

Overview of the group of companies - Scorpion Express, Scorpion Containers

SCORPION EXPRESS

We cover every square inch of India following a unique hybrid model of Hub-and-Spoke and long-haul routes.

Scorpion Express Pvt. Ltd. is an Express Cargo Service Provider, recognised for its quality and unique multi-product offering. We provide express and logistics services to B2B and B2C across the country.

It is not only a transportation and 3PL company, it is a guarantee of customer satisfaction, phenomenal shipment, consignment delivery and ethical conduct. We are backed with technology and provide real-time track and trace visibility on your end along with astounding coordination and accuracy in consignment management through our CRM Process. We believe in delivering safely every shipment on time, every time.

Scorpion Containers

Packaging your Brand

Scorpion Containers Pvt. Ltd. is focused on manufacturing packaging solutions. We use world-class technology to aid pharmaceutical companies by providing them with customised packaging solutions. We spend an extensive time on R&D to ensure that all our client's needs from design to usability, production, drawing approval, prototype development to scale up a batch, ensuring product quality, delivering the commercial product for final packaging and creating the right packaging for everything from sampling to the final product are met with accuracy.
